B: Beginner; I: Intermediate; A: Advanced

Courses in a student’s major (regardless of the track) cannot be used to satisfy Gen Ed requirement. This includes BUS and ECON coded courses for BAB majors; and PSIA and PG coded courses for BAPG majors.

Some courses might not be open to all majors to fulfill a General Education requirement. Check with your program chair.

**General Education Goals and Student Learning Outcomes**

Goal 4: Develop articulate, conscientious leaders and problem solvers who are committed to contributing to their fields and society

- 4.1 Produce and deliver written and oral presentations, and communicate with specialists and non-specialists using appropriate media and technology.
- 4.2 Think critically and creatively, conceptualizing real-world problems from different perspectives.
- 4.3 Work productively in diverse teams and solve problems collaboratively.

Goal 5: Provide students with a broad foundation of knowledge and skills and cultivate a commitment to life-long learning.

- 5.1 Use common software and information technology to pursue inquiry relevant to their academic and professional fields, and personal interests.
- 5.2 Weigh evidence and arguments, and appreciate and engage in diverse modes of inquiry characteristic of historical, cultural, political, economic, and quantitative disciplines
- 5.3 Properly document and synthesize existing scholarship and data, keep current with developments, conduct independent research, and discover and learn new material on 1
