1.1 Undergraduate Admissions

In collaboration with the academic programs, the Office of Admissions aims to achieve the University's enrollment goals by providing high-quality services that attract, admit, and enroll a diverse student body prepared to succeed academically, become active members of the campus community, and strive to realize the mission and goals of the American University of Armenia.

AUA is committed to providing high-quality undergraduate education to well-qualified applicants on a non-discriminatory basis, regardless of their ability to pay. However, space in the entering class for each major is limited; thus, students are admitted on a competitive basis. The admissions process aims to select students who have the skills and ability to succeed at AUA and to assure that AUA is well-suited to their educational and career goals. Having a specific grade point average or entrance exam score result is not a guarantee of admission.

AUA practices holistic admissions. Each application is initially screened for technical eligibility. To be eligible for admission to AUA, applicants must provide proof of high school graduation or the equivalent by no later than the summer prior to the start of their undergraduate studies and submit a complete application with all required supplements. The AUA Undergraduate Admissions Committee (UAC) then conducts a thorough review of each eligible application. Some applicants may be called for an interview as part of the admissions process. As admissions to AUA is competitive, the UAC considers both academic and personal information including but not limited to educational background, official entrance exam scores, extracurricular and volunteer experience, essays, and the interview, when applicable.

Admissions decisions are final and cannot be appealed.

The American University of Armenia is open to all academically qualified applicants and does not discriminate. See AUA's Non-Discrimination policy.

Applicants who score above the English language proficiency target scores are not guaranteed admission while those that score less than the target may be considered for conditional admission (See Section 5 below).

Applicants with a 67 or lower on the TOEFL iBT or 5.5 or lower on the IELTS Academic will be automatically denied.

For more information regarding proficiency target scores see <http://admissions.aua.am/undergraduate/selection-process-and-the-aua-student-profile/>.

Applicants must ensure that test scores are sent electronically to AUA by selecting institution code 4151 for the TOEFL iBT and by selecting "the American University of Armenia – Office of Admissions" for the IELTS Academic.
